

Physician

Join the team of professionals at a nationally recognized treatment facility. Tully Hill Chemical Dependency Treatment Center, an established 50-bed inpatient rehab, detox and outpatient facility, is accepting applications for a physician to provide medical care to patients seeking treatment for chemical dependency. Will provide onsite and on-call medical coverage when the Medical Director has planned time off or is otherwise unable to perform his job duties. Approximately 7 weeks per year. Work schedule will require 20 hours/week onsite and 24/7 On Call Coverage when providing coverage.

Responsibilities include meeting with patients following admission, at discharge and as needed during treatment to provide medical care, writing medical admission notes, verification of orders, electronic prescription transmission, conducting or reviewing history and physical, ordering and reviewing psychiatric evaluations and lab results, writing discharge notes and summaries, etc in compliance with OASAS regulations.

Team oriented individual with the ability to work in a fast paced environment, strong written and verbal communication and computer skills required. Valid NYS Physician licensure and CPR certification required. ASAM Board certification and Suboxone certification preferred. Demonstrable knowledge of chemical dependency and 12-Step philosophy and experience in an electronic medical record environment preferred.

Tully Hill offers a high energy, compassionate, professional environment in a beautiful well maintained property.
