

Admissions RN

Join the team of professionals at a nationally recognized treatment facility. Tully Hill Chemical Dependency Treatment Center is dedicated to the belief that chemical dependency is a disease – chronic, progressive and above all, treatable. Tully Hill is a 50-bed inpatient rehab, detox and outpatient facility dedicated to providing substance use disorder treatment. Tully Hill is accepting applications for an **Admissions Registered Nurse**.

Responsible for conducting the medical assessment in conjunction with a multi-disciplinary team to determine whether individuals seeking treatment for substance use disorder meet admission criteria. Uses information gathered during comprehensive evaluation to determine appropriate level of care based on ASAM criteria. Assesses patients' needs and contacts the Medical Director to obtain admission orders. Ensures comprehensive documentation to support insurance approval at our recommended level of care. Part Time. 15-20 hours/week. Weekend hours may be required at times.

Team oriented individuals with the ability to work in a fast paced environment, strong written and verbal communication skills, and strong computer skills required. Valid NYS Registered Nurse licensure required. CPR certification required upon hire. Demonstrable knowledge of chemical dependency preferred but not required. CARN certification a plus. Previous work experience in an electronic medical record environment preferred.

Tully Hill offers a high energy, compassionate, professional environment and comprehensive benefits package. Benefits include competitive pay, medical and dental insurance, 401(k) Plan, vacation, sick and personal time, voluntary disability and voluntary life insurance.
